Washington, May 28.—The military situation at present determined upon by those in authority is to make no forward movement of troops either upon Porto Rico or Cuba until full and definite information is received as to the location of the Spanish squadron and its possibilities as a factor in the aggressive movements of Spain. That being the positive determination, there is no present purpose to hurry forward the troops now at the several points of concentration, but the interval prior to an aggressive forward movement will be employed in seasoning the men.

Washington, May 28.—The military situation at present determined upon by those in authority is to make no forward movement of troops either upon Porto Rico or Cuba until full and definite information is received as to the location of the Spanish squadron and its possibilities as a factor in the aggressive movements of Spain. That being the positive determination, there is no present purpose to hurry forward the troops now at the several points of concentration, but the interval prior to an aggressive forward movement will be employed in seasoning the men.

Steps have been taken to secure early information as to whether Admiral Cervera's squadron is inside Santiago harbor and whether the American squadron has such advantage of position outside the harbor as to make the escape of the Spaniards practically impossible. For the last few days army circles have shared public belief that the Spanish ships were trapped in Santiago harbor and that has given impetus to arrangements by which large bodies of troops at Chickamauga and elsewhere might be moved forward rapidly to Tampa for reorganization. The presence of 30 or more transports in Florida waters added to the conviction that a movement on a large scale was about to occur.

Colonel Vanhorn of the medical department arrived yesterday and states that the war department has investigated the question as to the legality of reorganizing the hospital department of the volunteer army by detaching men for service in that department.

Colonel Vanhorn says that the department will issue an order at once authorizing the formation of division hospital and ambulance corps by detaching a certain number of men from each regiment of the division for that purpose. These corps are to be provided with all the necessary hospital paraphernalia and ambulance equipments as soon as possible and drilled in their work, so as to be ready for an emergency in case of the immediate invasion of Cuba.

All this has been going on with the understanding that Admiral Cervera's career as a possible menace in the rear of our troops had been cut off by his being securely held within Santiago harbor, but in the absence of positive information on this point together with the certainty that he can be held inside the harbor, there is no purpose whatever on the part of the war department to make an aggressive forward movement on Cuba or Porto Rico. This was stated last night in a positive manner and from an authoritative source.

Dispatchboats May Be Used.

Unless the navy department succeeds in securing some direct and official information respecting the Spanish and American fleets within the next 24 hours through the aid of the West Indian cables, it will resort to the use of dispatchboats.

It is a blessed period in a woman's life when a dear little stranger comes driving down out of cloudland to make its home in her heart and call her mother. Yet the majority of women approach this time with fear and misgiving both for themselves and the expected little one. The mother's

heart forebodes some weakness or imperfection in the baby while the woman's nature fears its own sufferings; and perhaps a little spice of vanity about her figure makes her dread that its attractiveness would be destroyed by maternity.

But as a matter of fact when a woman is in perfect health and condition, motherhood should only serve to enhance and accentuate her physical attractiveness. Every expectant mother should know and believe herself of the benefit of Dr. Pierce's Favorite Prescription. It gives specific strength and endurance to the organism of maternity; promotes thorough, healthy, constitutional vigor and recuperative energy. It makes motherhood safe and comparatively comfortable; insures the baby's perfection and preserves the mother's buoyant spirit and womanly attractiveness.

Miss Elizabeth H. Merrick Street, Pawtucket, R. I., writes: "I have taken Dr. Pierce's Favorite Prescription and cannot speak too well of it. I have had fifteen babies, and always had a bad time. Sometimes I had to have two babies before I could get one. I prescribed it last July, and in September I gave birth to two little girls, and I never had such an easy time. I had no doctor, and was not in pain half of the time as before. My weight is about two hundred pounds each. My twins when born weighed ten pounds each. They are fine girls, now four months old."

In many cases where constipation is one of the leading causes of disease, Dr. Pierce's Pleasant Pill should be used in conjunction with the "Favorite Prescription."

"They are the simplest and most effective natural laxative ever invented."

patchboats. It can be again affirmed on the highest authority and notwithstanding all rumors to the contrary that late last night the department had nothing more than a belief, founded on unofficial advices, that the Spanish squadron was lying in Santiago harbor, and no news as to Commodore Schley's whereabouts. However, the great majority of the officials of the navy department entertain no doubt that Cervera is within Santiago harbor and they have succeeded in impressing this belief upon the president and the members of the cabinet.

An important phase to the military programme is a decision not to take up the details of organizing the new force of 75,000 volunteers for at least a week or 10 days. At the cabinet meeting yesterday inquiry was made of Secretary Alger as to what steps he proposed taking on the organization of this large additional force of volunteers. His reply was that he had not even considered the details of the question. If the regiments under the first call are to be brought up to their maximum strength it will take about 40,000 men from the second call to complete the 125 regiments under the first call. This will leave 35,000 men to be organized in distinctly new regiments.

Views of Governors.

The war department is anxious to obtain the views of the governors of the states and territories in regard to the filling to their maximum strength the regiments already furnished by them under the first call of the president for 125,000 men, and with this object in view Adjutant General Corbin has sent telegrams asking the several governors to make recommendations to the department on this subject.

A number of minor points coming up constantly in relation to the second call for volunteers are being passed upon in a general way at this time. For instance, the question arose yesterday as

to whether colored officers as well as colored troops would be taken as a part of the organizations offered. General Alger at once decided that if a colored company had efficient soldiers colored officers they were as much entitled to recognition and acceptance in the military service as were the troops themselves. He made this known in a dispatch to the governor of Indiana, who had asked for information.

CHICKAMAUGA PARK.

Forming of Division of Hospital Corps Soon to Be Made.

Chickamauga, May 28.—The most noteworthy event of the day was the inspection of the Second division of the First corps by General Breckinridge and staff. The general was satisfied with the result of the inspection and states that the men acquitted themselves remarkably well for the length of time they had had for preparation.

Colonel Vanhorn of the medical department arrived yesterday and states that the war department has investigated the question as to the legality of reorganizing the hospital department of the volunteer army by detaching men for service in that department.

Colonel Vanhorn says that the department will issue an order at once authorizing the formation of division hospital and ambulance corps by detaching a certain number of men from each regiment of the division for that purpose. These corps are to be provided with all the necessary hospital paraphernalia and ambulance equipments as soon as possible and drilled in their work, so as to be ready for an emergency in case of the immediate invasion of Cuba.

There has been considerable delay in receiving supplies at the park ordnance department. Few commands have been thoroughly equipped with the arms and ammunition they will need, but Colonel Rockwell states that large supplies are now on the way and that in a comparatively short time every regiment will be provided for.

General C. E. Compton, who has been in command of the First brigade of the First division of the First corps, has left for Tampa and Colonel Fred Bennett of the Third Illinois has been assigned to the command of the brigade.

Lieutenant Charles Almond, aged 28, Company H, Third Illinois, residence Rockford, Ills., died yesterday at St. Vincent hospital of pneumonia. The remains will be shipped to Rockford to day.

PASSED THE TRANSPORTS.

Steamer China Arrives with News from Honolulu.

San Francisco, May 28.—The steamer China, which stopped at Honolulu on her way from the Orient, reports that the people of that city were making great preparations to receive the transport fleet which left this city for Manila and which will stop at Honolulu en route. The town was being decorated with flags and bunting and the freedom of the city will be offered to the men on the steamships.

The China passed the transports City of Peking, City of Sydney and Australia and reports the three vessels as proceeding westerly at great speed with all well on board.

The Honolulu Star has published the following: "There is no doubt whatever that the Hawaiian government has made a distinct tender of the islands to the executive of the United States. The news has been published in many of the western and eastern papers and has been denied. The Star is in a position to say that such a letter has been written and that a reply to it is being awaited here. This reply will probably reach Honolulu by the next mail."

BLANCO'S DISPATCH

Says Squadron of Admiral Cervera Is Still at Santiago.

THE PORT IS BLOCKADED

By the Bulk of Sampson's Fleet of Warships.

Spanish Torpedoboot Destroyer Terror Runs Away at the Sight of American Cruisers—Former Captain General of Philippines Calls the American Flag a Rag—Situation at Manila Unchanged.

Madrid, May 28.—General Blanco cables from Havana that the torpedoboot destroyer Terror from Martinique has left for Fajardo, on the east coast of Porto Rico. She intended to go to San Juan, but found four American warships cruising in front of the harbor and changed her direction for Fajardo.

General Blanco's dispatch says that Admiral Cervera's squadron is still at Santiago de Cuba; that the bulk of Admiral Sampson's squadron is blockading that port; that Commodore Schley's squadron is watching the Yucatan passage; that the American vessels have left Cienfuegos, and that the American fleet of blockaders remain in sight of Havana.

Will Go with Merritt.

Washington, May 28.—Adjutant General Corbin announced last night that three of the brigadier generals appointed by the president yesterday would be officially designated, as soon as the senate has confirmed their nominations, to command troops in the Philippines. The generals selected for the Philippines expedition are George A. Garretson of Cleveland, Francis V. Greene of New York and Charles King of Wisconsin.

Heard from Dewey.

Washington, May 28.—The department last night received dispatches from Admiral Dewey brought to Hong Kong by the gunboat Zaire, but they were not made public. It is understood that they contain nothing startling, and that the Baltimore is not mentioned, which satisfies the officers that there is no truth in the explosion theory.

Rossevelt's Rough Riders.

San Antonio, May 28.—Colonel Wood's regiment of Roosevelt rough riders received orders to leave as soon as transportation can be obtained for Tampa, and report there to General Shafter.

The first squadron, which has already received its equipments, will be ready to start by Sunday and the remainder as soon as the transportation for it and the delayed equipments arrive.

THERE is yet some doubt and speculation as to the whereabouts of that Cape Verde fleet, so far as the public generally is concerned. But if Sampson and Schley have the proper information that is sufficient.

INDIANA has now more than her quota of the second call ready to be mustered into service. Indiana made a superior record during the civil war, and is now fully sustaining her record by the ready responses to the calls from the president.

SOME of the patriotic sons of Indiana who are inclined to criticize Governor Mount because he has not acted in accordance with their views in all that he has done since the first call for troops was issued should remember that the war department has paid high compliment to our governor and others connected with the military of Indiana, because of their promptness in getting the state's quota of volunteers ready to move. No other state responded so quickly. Governor Mount did his part well and the people of the state recognize and honor his leadership.

THE Seymour company of volunteers, under the command of Captain Graessle, is waiting an opportunity to serve "Uncle Sam." They were ready to enlist at the first call for troops and offered their services, but throughout Indiana there were more volunteers than could be used. When the second call came the boys again offered their services, and are now waiting and hoping to be one of the companies called into camp. The one thing that seems to stand in the way of recognition is the fact that Jackson county is credited with one company in the first call. But this when analyzed should not stand in the way. The fact is, though this county is nominally credited with a company, only about 23 members of that company belong to Jackson county. Less than a dozen of the original Brownstown company are now in camp. Thirty or more members of the company were recruited in Bartholomew county and almost a like number in Marion county. So it can be seen that, while Jackson county is credited with one company, that company just as well be credited to Bartholomew or Marion, as Jackson.

THESE ARE YET SOME DOUBT AND SPECULATION AS TO THE WHEREABOUTS OF THAT CAPE VERDE FLEET, SO FAR AS THE PUBLIC GENERALLY IS CONCERNED. BUT IF SAMSON AND SCHLEY HAVE THE PROPER INFORMATION THAT IS SUFFICIENT.

INDIANA HAS NOW MORE THAN HER QUOTAS OF THE SECOND CALL READY TO BE MUSTERED INTO SERVICE. INDIANA MADE A SUPERIOR RECORD DURING THE CIVIL WAR, AND IS NOW FULLY SUSTAINING HER RECORD BY THE READY RESPONSES TO THE CALLS FROM THE PRESIDENT.

SOME OF THE PATRIOTIC SONS OF INDIANA WHO ARE INCLINED TO CRITICISE GOVERNOR MOUNT BECAUSE HE HAS NOT ACTED IN ACCORDANCE WITH THEIR VIEWS IN ALL THAT HE HAS DONE SINCE THE FIRST CALL FOR TROOPS WAS ISSUED SHOULD REMEMBER THAT THE WAR DEPARTMENT HAS PAID HIGH COMPLIMENT TO OUR GOVERNOR AND OTHERS CONNECTED WITH THE MILITARY OF INDIANA, BECAUSE OF THEIR PROMPTNESS IN GETTING THE STATE'S QUOTA OF VOLUNTEERS READY TO MOVE. NO OTHER STATE RESPONDED SO QUICKLY. GOVERNOR MOUNT DID HIS PART WELL AND THE PEOPLE OF THE STATE RECOGNIZE AND HONOR HIS LEADERSHIP.

THE SEYMOUR COMPANY OF VOLUNTEERS, UNDER THE COMMAND OF CAPTAIN GRASSIE, IS WAITING AN OPPORTUNITY TO SERVE "UNCLE SAM." THEY WERE READY TO ENLIST AT THE FIRST CALL FOR TROOPS AND OFFERED THEIR SERVICES, BUT THROUGHOUT INDIANA THERE WERE MORE VOLUNTEERS THAN COULD BE USED. WHEN THE SECOND CALL CAME THE BOYS AGAIN OFFERED THEIR SERVICES, AND ARE NOW WAITING AND HOPEFUL TO BE ONE OF THE COMPANIES CALLED INTO CAMP. THE ONE THING THAT SEEMS TO STAND IN THE WAY OF RECOGNITION IS THE FACT THAT JACKSON COUNTY IS CREDITED WITH ONE COMPANY IN THE FIRST CALL. BUT THIS WHEN ANALYZED SHOULD NOT STAND IN THE WAY. THE FACT IS, THOUGH THIS COUNTY IS NOMINALLY CREDITED WITH A COMPANY, ONLY ABOUT 23 MEMBERS OF THAT COMPANY BELONG TO JACKSON COUNTY. LESS THAN A DOZEN OF THE ORIGINAL BROWNSTOWN COMPANY ARE NOW IN CAMP. THIRTY OR MORE MEMBERS OF THE COMPANY WERE RECRUITED IN BARTHOLOMEW COUNTY AND ALMOST A LIKE NUMBER IN MARION COUNTY. SO IT CAN BE SEEN THAT, WHILE JACKSON COUNTY IS CREDITED WITH ONE COMPANY, THAT COMPANY JUST AS WELL BE CREDITED TO BARTHOLOMEW OR MARION, AS JACKSON.

RIGHT YOU ARE, NEIGHBOR.

THE SEYMOUR REPUBLICAN ALWAYS ENTERPRISING AND LOOKING AFTER THE INTERESTS OF ITS HOME CITY, HAS BEGUN URGING THE NECESSITY OF ALL THE CITIZENS RENDERING AID TO THE COMMITTEE HAVING CHARGE OF THE STREET FAIR ENTERPRISE. THE CITIZENS OF SEYMOUR SHOULD HEED ITS ADVICE. THE STREET FAIR HELD LAST FALL HAS UNDOUBTEDLY HELPED THAT CITY, AND ITS REPETITION WILL DO LIKEWISE. WE HEARTILY COMMEND THE SEYMOUR REPUBLICAN IN ITS EFFORTS TO BENEFIT ITS HOME CITY.—COLUMBUS HERALD.

GRAND ARMY APPOINTMENTS.

Department Commander Ryan Appoints
Two Seymour Men

General orders, Nos. 1 and 2 have been issued by Department Commander Dan Ryan. He announces that R. M. Smeck, of Indianapolis, is retained as assistant adjutant general and assistant quartermaster general. He announces appointments made to positions on his staff and the various committees.

Captain Joseph Balsley, of this city, is made Department Inspector.

Comrade John A. Weaver, of this city is made a member of the state soldiers home committee.

Post commanders are directed to forward names for appointment as aids. Notice is also given that the per capita tax was continued by the encampment at 20 cents a year payable with semi-annual reports.

The Tale of The Ring.

A flour merchant at Edgar let the story get out that while he was stooping over his flour bin a \$150 diamond ring had slipped off his finger into the flour. He appeared to be greatly exercised over the loss, got a notice in the local paper, but finally announced with a sign that he would have to give it up, that the ring was in the flour somewhere; that he supposed it would turn up in a sack of flour, but he had had no idea what one. Well, you ought to have seen the boom in a gravel road contract, has been acquitted. The jury was out about 18 hours before they were ready to report their finding.

Death of Mrs. Wirt.

Mrs. Sarah Ann Wirt, one of the best known and most respected lady of Brownstown, died at 9:45 o'clock Saturday forenoon, May 28, 1898, with Bright's disease. She has been confined to her bed for some time. Mrs. Wirt was an industrious lady and had the confidence of the people both there and at Seymour. For a good while she was proprietor of the Wirt House there and always had a house full of boarders.

By close attention to her business she had accumulated a snug fortune in the new hotel she had just finished, her former hotel having been destroyed by fire. Mrs. Wirt was born near Brownstown about sixty years ago and when about sixteen years old she and Dr. Samuel Wirt were united in marriage. By their union two sons, Garibaldi, better known as Gary, and Samuel, who are in the employ of the Big Four at Wabash. She also leaves two brothers, Erasmus and John Weathers, who have the tender sympathy of a large circle of friends and relatives. INCONVENIENT PARROT.

Young Hankinson (making a call)—You have had that parrot a long time, Miss Laura?

Miss Laura—Yes, we have had him several years.

"Quite intelligent, is he not?"

"Very. He can imitate almost anything."

They have a remarkably clever parrot over at the Casterlin's, Miss Laura. It can imitate the sound of a kiss to perfection. Is that among the accomplishments of our feathered friend here in the corner?"

Miss Laura (indignantly)—No, sir. He does not attempt an imitation of a sound he is not accustomed to hear, Mr. Hankinson.

DROWNED IN THE SACRAMENTO.

Chas. Foster. Who Has Relatives in this County, Drowned.

Today John Q. Foster received a letter from Vina, California, announcing the sad death of his cousin, Charles Foster, May 19. The letter was written by Bert Foster, a brother of the unfortunate young man.

It seems that the young man was returning from Vina and attempted to cross the Sacramento river to some land which is really an island in the river and which the Fosters have under cultivation. Coming to the banks of the river the boat he was accustomed to use had been removed by some one and it is supposed from all indications that he unhitched his horse from the cart and tied a rope about the horse's neck and expected to hold on to this and let the horse swim across pulling him after it. Some parties near at hand heard some one call out and even recognized young Foster's voice, but he went to the bottom before any one caught sight of him.

Every effort has been made since to recover the body but so far without avail.

Charles Foster was 21 years of age and was the son of Mrs. Callie Foster who arrived here from California a few days ago to visit relatives in this county.

BORN.

DESTROYED AGAIN.

ANOTHER REPORT THAT CERVERA'S FLEET HAS BEEN DESTROYED.

Not Confirmed at Washington—Important Dispatches Supposed to be from Schley.

Special Dispatch to the REPUBLICAN.

WASHINGTON, May 28, (3:30 p.m.)—The navy department states that it will take about fifty days for the the Monterey to reach Manila.

Dispatches from Schley.

WASHINGTON, May 28—Important dispatches were received at the navy department this morning. It is thought they are from Commodore Schley and contain an official report of what has been done near Santiago during the past week.

Schley Meets Cervera.

KINGSTON, JAMAICA, May 28—News received here from official Cuban sources say that Commodore Schley has forced the channel at Santiago de Cuba harbor, destroying Cervera's fleet and bombarded the town.

NOT CONFIRMED AT WASHINGTON.

WASHINGTON, May 28.—The department has given out no news in confirmation of the report from Cuban sources that Schley has fired the Santiago channel and bombarded the town.

Plenty of good music at the concert in Kisselman's garden tonight by the Nightingale band.

Young Hankinson (making a call)—You have had that parrot a long time, Miss Laura?

Miss Laura—Yes, we have had him several years.

"Quite intelligent, is he not?"

"Very. He can imitate almost anything."

They have a remarkably clever parrot over at the Casterlin's, Miss Laura. It can imitate the sound of a kiss to perfection. Is that among the accomplishments of our feathered friend here in the corner?

Miss Laura (indignantly)—No, sir. He does not attempt an imitation of a sound he is not accustomed to hear, Mr. Hankinson.

The Parrot—Wait, George, dear, till I take this bird out of the room.—London Tit-Bits.

DROWNED IN THE SACRAMENTO.

Ohas. Foster. Who Has Relatives in this County, Drowned.

Today John Q. Foster received a letter from Vina, California, announcing the sad death of his cousin, Charles Foster, May 19. The letter was written by Bert Foster, a brother of the unfortunate young man.

It seems that the young man was returning from Vina and attempted to cross the Sacramento river to some land which is really an island in the river and which the Fosters have under cultivation. Coming to the banks of the river the boat he was accustomed to use had been removed by some one and it is supposed from all indications that he unhitched his horse from the cart and tied a rope about the horse's neck and expected to hold on to this and let the horse swim across pulling him after it. Some parties near at hand heard some one call out and even recognized young Fosters voice, but he went to the bottom before any one caught sight of him.

Every effort has been made since to recover the body but so far without avail.

Charles Foster was 21 years of age and was the son of Mrs. Calie Foster who arrived here from California a few days ago to visit relatives in this county.

BORN.

A son was born to Joseph Killey and wife, of Oldtown, Tuesday May 24, 1898.

A son was born to Henry Waldkotter Jr., and wife, of Grassyfork township, Sunday May 22, 1898.

Christian Church.

At the regular business meeting of the Christian church Wednesday the following trustees were elected: John Seaman, sr. for the term of three years, Walter S. Everhart, for two years, and James Hamer, for one year.

Family of Soldiers.

Ex-sheriff Billy Wilson, of Jennings county, who now lives in Marshall county, attended the encampment here. Mr. Wilson has two sons now in the present war, one is an ensign and was with Dewey's squadron in the battle and capture of Manila. The other is with the re-enforcements now being sent to Manila—Columbus Times.

The above mentioned "Billy Wilson" is a brother of Daniel W. Wilson, of this city, who is also interested in the military record of the younger Wilsons.

China, From Honolulu, Reports Meeting
the Philippine Transports.

Washington, May 28.—The military situation as at present determined upon by those in authority is to make no forward movement of troops either upon Porto Rico or Cuba until full and definite information is received as to the location of the Spanish squadron and its possibilities as a factor in the aggressive movements of Spain. That being the positive determination, there is no present purpose to hurry forward the troops now at the several points of concentration, but the interval prior to an aggressive forward movement will be employed in seasoning the men.

Steps have been taken to secure early information as to whether Admiral Cervera's squadron is inside Santiago harbor and whether the American squadron has such advantage of position outside the harbor as to make the escape of the Spaniards practically impossible. For the last few days army circles have shared public belief that the Spanish ships were trapped in Santiago harbor and that has given impetus to arrangements by which large bodies of troops at Chickamauga and elsewhere might be moved forward rapidly to Tampa for embarkation. The presence of 30 or more transports in Florida waters added to the conviction that a movement on a large scale was about to occur.

All this has been going on with the understanding that Admiral Cervera's career as a possible menace in the rear of our troops had been cut off by his being securely held within Santiago harbor, but in the absence of positive information on this point together with the certainty that he can be held inside the harbor, there is no purpose whatever on the part of the war department to make an aggressive forward movement on Cuba or Porto Rico. This was stated last night in a positive manner and from an authoritative source.

Dispatchboats May Be Used.
Unless the navy department succeeds in securing some direct and official information respecting the Spanish and American fleets within the next 24 hours through the aid of the West Indian cables, it will resort to the use of dispatches.

General C. E. Compton, who has been in command of the First brigade of the First division of the First corps, has left for Tampa and Colonel Fred Bennett of the Third Illinois has been assigned to the command of the brigade.

Lieutenant Charles Almond, aged 28, Company H, Third Illinois, residence Rockford, Ills., died yesterday at St. Vincent hospital of pneumonia. The remains will be shipped to Rockford to-day.

PASSED THE TRANSPORTS.

Steamer China Arrives With News From Honolulu.

San Francisco, May 28.—The steamer China, which stopped at Honolulu on her way from the Orient, reports that the people of that city were making great preparations to receive the transport fleet which left this city for Manila and which will stop at Honolulu en route. The town was being decorated with flags and bunting and the freedom of the city will be offered to the men on the transports.

The China passed the transports City of Peking, City of Sydney and Australia and reports the three vessels as proceeding westerly at great speed with all well on board.

The Honolulu Star has published the following: "There is no doubt whatever that the Hawaiian government has made a distinct tender of the islands to the executive of the United States. The news has been published in many of the western and eastern papers and has been denied. The Star is in a position to say that such a letter has been written and that a reply to it is being awaited here. This reply will probably reach Honolulu by the next mail."

GORMAN TALKS.

He Favors the Taxing of Corporations as a War Measure.

Washington, May 28.—A notable speech on the war revenue measure was delivered in the senate yesterday afternoon by Mr. Gorman (Dem., Md.). In the course of an argument in support of a tax on corporations he denounced as "infamous" the decision of

patchboats. It can be again affirmed on the highest authority and notwithstanding all rumors to the contrary that late last night the department had nothing more than a belief, founded on unofficial advices, that the Spanish squadron was lying in Santiago harbor, and no news as to Commodore Schley's whereabouts. However, the great majority of the officials of the navy department entertain no doubt that Cervera is within Santiago harbor and they have succeeded in impressing this belief upon the president and the members of the cabinet.

An important phase to the military programme is a decision not to take up the details of organizing the new force of 75,000 volunteers for at least a week or 10 days. At the cabinet meeting yesterday inquiry was made of Secretary Alger as to what steps he proposed taking on the organization of this large additional force of volunteers. His reply was that he had not even considered the details of the question. If the regiments under the first call are to be brought up to their maximum strength it will take about 40,000 men from the second call to complete the 125 regiments under the first call. This will leave 55,000 men to be organized in distinctly new regiments.

Views of Governors.

The war department is anxious to obtain the views of the governors of the states and territories in regard to the filling to their maximum strength the regiments already furnished by them under the first call of the president for 125,000 men, and with this object in view Adjutant General Corbin has sent telegrams asking the several governors to make recommendations to the department on this subject.

A number of minor points coming up constantly in relation to the second call for volunteers are being passed upon in a general way at this time. For instance, the question arose yesterday as to whether colored officers as well as colored troops would be taken as a part of the organizations offered. General Alger at once decided that if a colored company had efficient soldiers colored officers they were as much entitled to recognition and acceptance in the military service as were the troops themselves. He made this known in a dispatch to the governor of Indiana, who had asked for information.

CHICKAMAUGA PARK.

Forming of Division of Hospital Corps Soon to Be Made.

Washington, May 28.—The department last night received dispatches from Admiral Dewey brought to Hong Kong by the gunboat Zafire, but they were not made public. It is understood that they contain nothing startling, and that the Baltimore is not mentioned, which satisfies the officers that there is no truth in the explosion theory.

Prisoners Exchanged.

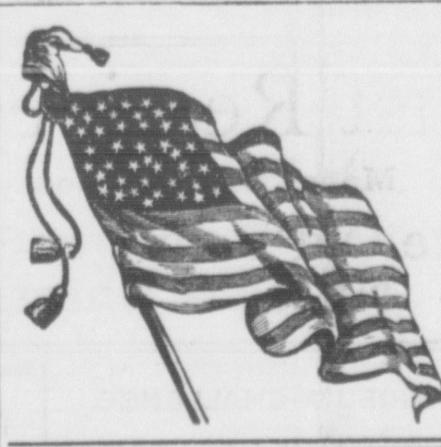

Washington, May 28.—The state department has been notified by British Consul Gillon at Havana that the exchange of prisoners has been effected and the Maple, with Charles Thrall and Hayden Jones, the American correspondents on board, has sailed for Key West.

Fought a Duel.

Paris, May 28.—As the outcome of an election dispute M. Henri, Rochefort, the editor of L'Intransigeante, and M. Gerault Richard, fought a "duel" yesterday. M. Rochefort was pricked on his right hand.

\$200,000 Fire at Dallas.

Dallas, May 28.—The big printing establishment of Dorsey & Co. and the paint, oils and paper stock of J. Sheld & Co. and other mercantile firms burned here last night. Loss, \$200,000.

BLANCO'S DISPATCH

Says Squadron of Admiral Cervera Is Still at Santiago.

THE PORT IS BLOCKADED

By the Bulk of Sampson's Fleet of Warships.

Spanish Torpedoboot Destroyer Terror Runs Away at the Sight of American Cruisers—Former Captain General of Philippines Calls the American Flag a Rag—Situation at Manila Unchanged.

Madrid, May 28.—General Blanco cables from Havana that the torpedoboot destroyer Terror from Martinique has arrived at Fajardo, on the east coast of Porto Rico. She intended to go to San Juan, but found four American warships cruising in front of the harbor and changed her direction for Fajardo.

General Blanco's dispatch says that Admiral Cervera's squadron is still at Santiago de Cuba; that the bulk of Admiral Sampson's squadron is blockading that port; that Commodore Schley's squadron is watching the Yucatan passage; that the American vessels have left Cienfuegos, and that the American fleet of blockade remain in sight of Havana.

WILL BURN THE CITY.

Spaniards Will Destroy San Juan Before Surrendering.

St. Thomas, Danish West Indies, May 28.—The latest advice from Porto Rico say that freighters recently landed at San Juan consider considerable provisions. From the same authority it appears that war preparations continue.

The situation at Manila is unchanged. The insurgents are quiet. Beef costs \$2.50 per pound at Manila. The report that the commander of the Spanish gunboat Callao was tried by court-martial and shot for not firing on the American ship which captured the Callao is untrue. The Zafire will return to Manila on Monday next.

BRADSTREETS.

In Most Sections the Business Situation Is Generally Satisfactory.

New York, May 28.—Bradstreets today says: A total volume of business fully proportioned to or in excess of that usually noted at this season of the year is indicated by reports to Bradstreets this week. The exceptions are generally where weather conditions have made for irregularity and perhaps dullness. In most sections of the country the situation generally remains satisfactory. The volume of bank clearings, as was to be expected, shows the contraction usual toward the close of the month of May, but with few exceptions the crop situation, the volume of railway earnings and the reports from a number of leading industries point to a maximum volume of business doing in most parts of the country.

General Blanco says in his dispatch that he opposed the departure of the French steamer Lafayette with a cargo of coal, as the coal was required for Spanish ships.

RIVERA EXCITED.

In a Speech in Cortes He Calls the American Flag a Rag.

Madrid, May 28.—In the state Marshal Primo de Rivera, former captain general of the Philippines, yesterday defended his administration of the colony. He said he could not believe his ears when he was told of the disaster at Cavite, adding: "That rag called the American flag shall never float over the walls of Manila."

The Philippines, he continued, had not had adequate means of defense. He appealed to the government to supply them, but the government answered that the pope had intervened and that there was no fear of a rupture. The naval committee at Manila examined into the position carefully and reached the conclusion that it was quite impossible to offer battle to the Americans.

"The Yankees are deceiving themselves," Marshal De Rivera declared, "as to the situation at the Philippines. It is absolutely impossible that they should become masters of the islands, for the natives, to an immense majority, are determined to defend the territory to the last and to maintain Spanish sovereignty."

Captain Annon, minister of marine, said it was inopportune to discuss the war at present. He had neither approval nor disapproval to express at Marshal De Rivera's administration, but he considered it necessary to exercise a certain reserve in the interest of the country.

In the chamber of deputies, Senor Romero Giron, the minister of the colonies, replying to questions respecting the authorization given the governor of the Philippines to concede administrative reform, said Captain General Augusti had been authorized to act in the manner he deemed most desirable to draw the natives to the Spanish side.

Must Trust to Herself Alone.

London, May 28.—The Madrid correspondent of The Times, commenting on the "feeling of sadness prevailing in Spain," says: "It is less on account of ministerial dissensions, which are not really serious, than on account of a fuller apprehension of the difficulties of the situation, namely that it is hopeless to expect any assistance from Europe, even France and Russia being, after Mr. Chamberlain's speech, averse from doing anything to precipitate complications. Spain now sees that she must trust to herself alone in an unequal struggle that can have only one end."

Chicago Naval Reserves.

Key West, May 28.—One-half of the Chicago naval reserves, consisting of 103 men and three officers, under command of Lieutenant S. W. Stratton, arrived here yesterday afternoon on the steamer Mascotte from Tampa. They left Chicago on Tuesday and made the journey without incident. All the men are well.

Call Will be Issued Next Week.

Washington, May 28.—The statement was made at the war department last night that the call on the governors of the states for their apportionment of troops under the second call would not be issued until some time next week.

A GREAT OPERATION.

Performed by Akron Doctors to Save a Man's Life.

Akron, O., May 28.—A remarkable operation in surgery has been performed here at the city hospital in an attempt to save the life of George Bloesinger, Jr., who on Sunday night when seven miles off Havana, was lowered over the bow of a dispatch boat and rowed ashore alone in a 10 foot skiff, was heard from yesterday. He had been thrown in prison and is now in the Cabanas fortress. The British consul at Havana has instituted proceedings for his release.

NEW BANK TAX LAW.

Causes Kentucky Bankers to Reduce Capital.

Louisville, Ky., May 28.—Anticipating an unfavorable decision in the bank tax cases, it is thought that Louisville banks will soon begin a general reduction of capital stock. The Louisville City National has already reduced its stock from \$400,000 to \$200,000. If the cases now pending are decided against the banks they will have to pay taxes on their capital stock, in which case it will be to their interest to reduce as much as possible.

BANKER'S SLAYER.

Pleads Guilty to the Charge and Is Given Five Years.

Columbus, O., May 28.—John Smith, a coachman, who some time ago shot and killed W. S. Ide, a prominent banker and real estate agent, has pleaded guilty. He was sentenced to five years in the penitentiary. Ide had Smith's money in his care and failed, Smith was unable to get any of it, and, in his desperation at the loss, shot Ide after he had asked a settlement.

SYRUP OF FIGS

Never Imitated in Quality.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company.

Shot a Wolf to Robber.

Jeffersonville, Ind., May 28.—John Collins shot and mortally wounded Joseph Graycroft, colored, while the latter was attempting to enter a window in the Collins residence. Mr. Collins recently became very wealthy by the death of his uncle, Charles Cladlin, of San Francisco.

Tragedy Over a Division Fence.

Harrodsburg, Ky., May 28.—Charles Salles shot Robert Chamlay in the breast, inflicting a fatal wound. The men are brothers-in-law and well-to-do farmers. It is said the trouble originated over a division fence. Salles surrendered. He claims that Chamlay was attacking him with a knife.

NEW YORK, N. Y.

It is a blessed period in a woman's life when a dear little stranger comes driving down out of cloudland to make its home in her heart and call her own.

The majority of women approach this time with fear and misgiving both for themselves and the expected little one. The mother's

heart forebodes some weakness or imperfection in the baby while the world foresees only its own sufficiencies; and perhaps a little spice of vanity about her figure makes her dread that its attractive contour may be destroyed by maternity.

But as a matter of fact when a woman is in perfect health and condition, she need only seek to enhance and accentuate her physical attractiveness. Every expectant mother should know and avail herself of the health-giving, nerve-toning properties of Dr. Pierce's Favorite Prescription. It gives specific strength and endurance to the organism of maternity, promotes thorough health constitution, vigor and recuperative power. It makes mothers safe and comparatively comfortable; insures the mother's buoyant spirit and womanly attractiveness.

See the memorial program as published in another column.

Keep in mind that Monday is Memorial Day. Let all join with the veterans of the civil war and properly observe the day. It is a day that should be remembered by every loyal citizen of the union.

There is yet some doubt and speculation as to the whereabouts of that Cape Verde fleet, so far as the public generally is concerned. But if Sampson and Schley have the proper information that is sufficient.

INDIANA has now more than her quota of the second call ready to be mustered into service. Indiana made a superior record during the civil war, and is now fully sustaining her record by the ready responses to the calls from the president.

Some of the patriotic sons of Indiana who are inclined to criticise Governor Mount because he has not acted in accordance with their views in all that he has done since the first call for troops was issued should remember that the war department has paid high compliment to our governor and others connected with the military of Indiana, because of their promptness in getting the state's quota of volunteers ready to move. No other state responded so quickly. Governor Mount did his part well and the people of the state recognize and honor his leadership.

The Seymour company of volunteers, under the command of Captain Graessle, is waiting an opportunity to serve "Uncle Sam." They were ready to enlist at the first call for troops and offered their services, but throughout Indiana there were more volunteers than could be used. When the second call came the boys again offered their services, and are now waiting and hoping to be one of the companies called into camp. The one thing that seems to stand in the way of recognition is the fact that Jackson county is credited with one company in the first call. But this when analyzed should not stand in the way. The fact is, though this county is nominally credited with a company, only about 23 members of that company belong to Jackson county. Less than a dozen of the original Brownstown company are now in camp. Thirty or more members of the company were recruited in Bartholomew county and almost a like number in Marion county. So it can be seen that, while Jackson county is credited with one company, that company just as well be credited to Bartholomew or Marion, as Jackson.

Right You Are, Neighbor.

The Seymour Republican always enterprise and looking after the interests of its home city, has begun urging the necessity of all the citizens rendering aid to the committee having charge of the street fair enterprise. The citizens of Seymour should heed its advice. The street fair held last fall has undoubtedly helped that city, and its repetition will do likewise. We heartily commend the Seymour Republican in its efforts to benefit its home city.—Columbus Herald.

To Rejuvenate Straw Hats.

Women's black straw hats may be given a new lease of life by revarnishing them, which really takes the place of dyeing, using some black sealing-wax pounded into small pieces, and over which enough methylated spirits to dissolve it has been poured; then mix thoroughly, and apply with a soft brush to the hat, covering every crevice of the straw. Blue straw hats may be refreshed in the same manner, using blue sealing-wax.—June Ladies' Home Journal.

GRAND ARMY APPOINTMENTS.

Department Commander Ryan Appoints
Two Seymour Men

General orders, Nos. 1 and 2 have been issued by Department Commander Dan Ryan. He announces that R. M. Smeek, of Indianapolis, is retained as assistant adjutant general and assistant quartermaster general. He announces appointments made to positions on his staff and the various committees.

Captain Joseph Balsley, of this city, is made Department Inspector.

Comrade John A. Weaver, of this city is made a member of the state soldiers home committee.

Post commanders are directed to forward names for appointment as aids. Notice is also given that the per capita tax was continued by the encampment at 20 cents a year payable with semi-annual reports.

The Tale of The Ring.

A flour merchant at Edgar let the story get out that while he was stooping over his flour bin a \$150 diamond ring had slipped off his finger into the flour. He appeared to be greatly exercised over the loss, got a notice in the local paper, but finally announced with a sign that he would have to give it up; that the ring was in the flour somewhere; that he supposed it would turn up in a sack of flour, but he had had no idea what one. Well, you ought to have seen the boom that guileless man had in the flour trade. For the next week he had to hire extra help to fill sacks out of that bin. One man, who never bought a sack of flour from him before, came in and laid in a winter's supply. And the smooth merchant whistled softly as he filled the sack and winked his other eye.—Kansas City Journal.

Deafness Cannot be Cured. By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

While the War Lasts,

All who march, walk or stand, should shake into their shoes Allen's Foot-Ease a powder. It cures aching, tired sore, swollen feet and makes tight or new shoes easy. It absorbs moisture, and prevents chafing, hot, smarting, blistered sweating feet. All the regular army troops and navy men use it. Volunteers in hot climates can't exist in comfort without it. Allen's Foot-Ease is sold by all druggists and shoe stores, 25¢. Sample sent free. Address Allen S. Olmsted, LeRoy, N. Y.

Favors a Pine Street Tunnel.

No improvement proposed in Seymour is more necessary than the much talked of tunnel under the B. & O. S-W. railroad tracks on Pine street.

There is no direct thoroughfare between the north and south part of the city from the railroad crossing on Indianapolis avenue to the east corporation line. Indianapolis avenue, Chestnut, Walnut and Poplar streets furnish the only crossings over the B. & O. S-W. tracks and they are all frequently blocked with heavy freight trains from five to fifteen minutes at a time. These crossings are also more or less dangerous to vehicles and pedestrians because of the great amount of switching being done there daily. People are often delayed in passing from one part of the city to another because of these trains. And should a series of conflagrations occur, there might be serious delay in getting the fire department to the proper places.

If the B. & O. S-W. railway is not financially able to make this improvement or the city is not permitted by law to do it, why not raise a sufficient fund by popular subscription. Nine-tenths of our citizens will contribute towards making this proposed tunnel on Pine street. Who will start the ball rolling?

Beaty Acquited.

Charles G. Beatty, one of the Jennings county commissioners, who has been on trial this week charged with having had an interest in a gravel road contract, has been acquitted. The jury was out about 18 hours before they were ready to report their finding.

THE rain was pouring in torrents as night fell over our camp at Somerset, Ky., July 1, 1863. We were hugging ourselves in congratulation over the fact that we had a good dry camp, and pulled our tent flaps tight to keep out the storm as we settled down to a quiet night's rest, at peace with all the world, for that night anyhow. We were light hearted youngsters, and "home" was wherever night overtook us.

In a lull of the storm the quick gallop of a courier was heard. In an instant he reined up at the tent of our commander, Colonel Israel Garrard of the Seventh Ohio cavalry, to whom he handed an order, which read: "You will report for duty with your regiment within one hour from receipt of this order, your troops to be supplied with two days' rations and 40 rounds of ammunition per man, one ambulance to accompany your regiment." This order had a businesslike ring.

Under the adjutant's order the chief bugler sounded "boots and saddles." As the notes of the bugle fell upon the camp the cavalrymen thrust their heads out of their little "put tents" and gave a cheer.

Within a few minutes we were looking back with lingering eyes upon our nice dry camp as we rode away in one of the heaviest downpours of rain we had ever experienced.

Reporting to the commander of our brigade, we were informed that General John Morgan, with his division of "rebel raiders," was about to cross the Cumberland river on one of his periodical raids through Kentucky. This information was given to the troops and was received with tumultuous cheers, as we were particularly anxious to have a tilt with Morgan's men.

Our regiment, the Seventh Ohio cavalry (1,200 strong), was recruited in southern Ohio, in the counties bordering the Ohio river. A considerable portion of General John Morgan's command was recruited from the counties of northern Kentucky, bordering the Ohio river directly opposite our homes. Thus we were by no means strangers to each other and may be said to have been neighbors.

Our rubber "ponchos" were drawn tight over our shoulders as we took up our night march through the downpour of rain. By midnight we had come to Fishing creek, near Mills Springs, Ky., the scene of General Thomas' victory and Zollicoffer's death. This mountain stream was sending down a torrent of water with heavy driftwood, against which no horse could stand, and was altogether beyond fording, thus precluding our further progress that night. We bivouacked as best we could till daylight, when, under great difficulty, we forded the raging torrent, with the loss of only one horse—the rider being rescued by the ready hands of his comrade.

Arriving at the Cumberland river above Burkesville, we found Morgan with his division of cavalry occupying

a Michigan regiment to surrender his force to save the effusion of blood. This Federal officer replied that his superior officer had stationed him at that point for the purpose of effusing blood, and the effusion would begin right away if Morgan desired. Morgan accepted the challenge and made the attack, and one of his own brothers was killed at this point. Morgan did not have time to continue the attack and withdrew, continuing his march northward, with our pursuing force "pushing him along."

Morgan's force did not exceed 2,500 troopers when he invaded the states north of the Ohio river, possibly 500 less. I think 2,000 would be a fair figure to name for the number of troops he led into Indiana.

Our march across the state of Ohio was in many ways painful, as our horses were failing rapidly. Twenty-two hours' marching out of each 24 was more than they could stand in their exhausted condition. Our ambulance had

Colonel Garrard by a Confederate officer, who stated that Colonel Howard Smith and a few other officers and men of Morgan's command were in the woods near by, having been cut off from their command, and knowing the uselessness of further effort would surrender if an officer was sent to receive them. Adjutant Allen and Lieutenant McCollum of the Seventh Ohio cavalry were sent to receive them and escort them to our lines.

On the way to receive these Confederates they were met coming to our lines under escort of a sergeant of the Eighth Michigan cavalry whom they accidentally met in the woods. These prisoners were received by the writer of these lines, who was greatly surprised to learn that General Basil Duke, Morgan's chief lieutenant, was in company with Colonel Howard Smith. General Duke bore himself with dignity, and I would not have known that I had him with the other prisoners if one of his own men had not accidentally disclosed his identity to me. One of the Confederate officers with General Duke gave me a little Confederate flag about the size of two hands. I accepted this little flag and asked the officer his name. He replied, "Captain Hines." I have the little flag yet. "He jests at scars that never felt a wound." This quotation suggests itself by reason of the fact that under the varying fortunes of war, some months after the events written of in the foregoing, in a sharp cavalry engagement in east Tennessee, I found myself prisoner of war in the hands of the Fourth Kentucky cavalry, one of Morgan's regiments.

The prisoners captured by the Seventh Ohio cavalry near Buffington Island were turned over to the Federal officer in charge of prisoners at Cheshire, O., and with this our connection with the Morgan raid ended. General Morgan himself was not captured until some days later, but the raid ended at Buffington Island, and the subsequent flight of Morgan with his detachment of a few hundred men did not avail him anything.

From the time of Morgan's landing on the Indiana side of the Ohio river until the surrender at Buffington Island not less than 100,000 militia comprising the "Home guard" were called into the field to "suppress him."

The force of veterans under General Hobson who pursued Morgan from "start to finish" comprised about 3,000 cavalry. Morgan gave us "a good run for our money," but we got there in spite of all his efforts to prevent us.

One can but admire the dash, skill and courage of Morgan and Duke which enabled them to lead their 2,000 troopers on such a raid.

Soon after the close of this raid our regiment, the Seventh Ohio cavalry,

had dropped long ago, but our medical officers, mounted on the ambulance horses, were with us.

We were now at home in southern Ohio, and many of the troopers of our regiment passed their own doorsteps stopping only long enough to kiss the members of their families, and for a brief minute listen to their song of "Rally Round the Flag, Boys," and partake of some more fried chicken.

At Piketon, O., the home guards had delayed Morgan's advance, and we began to pick up some of his stragglers. It looked now as though we might within a few hours more overtake him and bring him to bay.

On the 18th of July, our regiment, with the Second Ohio cavalry and the Eighth Michigan cavalry, all under the command of Colonel A. V. Kautz, was pushed ahead of Hobson's column, and at daylight of July 19 struck Morgan's command in the valley of the Ohio river near Buffington Island, where the enemy had been delayed by fog, waiting for daylight to cross the Ohio river.

At the moment of our arrival the forces of General Judah had also arrived, coming up the valley of the Ohio river, while we debouched from the river hills, and the gunboats were holding the forks of the Ohio river.

We were ordered to attack immediately, and under Colonel Garrard's directions I rode back along the line of the Seventh Ohio cavalry, ordering the companies formed into columns of fours. Our numbers were few, and I remember Lieutenant Sam B. Johnson, who commanded Company M of our regiment, told me that he had only one set of fours. Captain William T. Burton of Company B had four or five sets of fours. Of our entire regiment, 800 or 900 strong when we started from the Cumberland river, we did not now show up over 200 men, the remainder having been dismounted by reason of disabled horses and scattered along our trail for a distance of 500 miles.

When the "guidons" of General Hobson's advance fluttered in the breeze of the Ohio valley that July morning, Generals Morgan and Duke knew that the jig was up. We formed within plain sight of Morgan's force, and with but slight resistance to the Federal attack Morgan's entire force fled in disorder. We pursued as rapidly as the condition of our poor horses would permit and many of the enemy seeing that further effort was useless, their supply of ammunition being nearly exhausted surrendered the

and there. After our pursuit at this point had ceased a flag of truce was brought to

the south bank of the river. For a day or two we had skirmishing, "give and take." The river was fordable in many places, and we did not expect to hold Morgan on the south bank of the river if it was his desire to come over to our side. In fact, we rather preferred that he should come over. About July 4 Morgan had found it possible to cross the river at numerous fords, and we were called in from our picked men to join in the pursuit.

This was the start of Morgan's famous raid, which extended across three states in 15 days he swept his line of march, and for some distance on each side, absolutely clean of horses, giving his own command frequent remounts, but leaving us, his pursuers, entirely without remount for the whole distance. Boiled down to few words, Morgan's force had two horses for every man, while Hobson had two men to each sadly worn horse. Morgan's force when it started from the Cumberland river was exceedingly well mounted, having some of the best blooded horses from Kentucky—horses capable of long and rapid marches. He set the "pegs" for us and set them high every day. The longest march made by Morgan's command at
